THE

MERCANTILE AGENCY,

293 AND 295 BROADWAY,

NEW YORK.

R. G. DUN & CO., Formerly B. DOUGLASS & CO.

ESTABLISHED JUNE, 1841.

This Institution supplies (to Subscribers only) all necessary information as to the standing and responsibility of Merchants, Traders, Manufacturers, Public Companies, &c., throughout the United States, their Territories, and British North America. It is the oldest, and the most complete and extensive system ever organized for the promotion of Banking and Mercantile interests, and general protection of trade.

COLLECTIONS AND LEGAL BUSINESS ATTENDED TO THROUGHOUT THE U. S., THEIR TERRITORIES AND BRITISH NORTH AMERICA.

Our intimate knowledge of Attorneys in every part of the country, gives us peculiar advantages for placing claims intrusted to us in *safe* hands.

To those preferring to make their own collections, we furnish, on application, the address of our Collecting Attorneys without charge.

The Branch and Associate Offices are:

PREFACE.

The publication of the "Mercantile Agency Reference Book" was discontinued, three years ago, in consequence of the unsettled condition of commercial interests incident to civil war. In the sudden and ever-varying changes, affecting all branches of trade, no "ratings" could be made that would be of any permanent value. The detailed reports upon our Records, posted from day to day, seemed to offer the only reliable aid, and we preferred to rest our reputation upon these, rather than issue a Book of Ratings in which we ourselves could have but little confidence. Latterly, however, business matters having assumed a greater degree of permanence, or a more fixed adaptation to the times, and our subscribers having urged us to a resumption of the work, we have concluded to renew its publication, confidently relying upon the mercantile community for proper appreciation and commensurate support.

The object of the Book is to afford Merchants, Bankers, Manufacturers, and others granting credits, a ready and reliable reference as to the capital and mercantile standing of those with whom they have business transactions. *The ratings are based, in every instance, upon the reports furnished by our Records*, upon which twenty-three years of uninterrupted labor has accumulated an immense mass of information, derived from a great variety of sources; and, although we do not claim that these ratings are absolutely infallible, we feel perfectly justified in asserting they are far more reliable and correct than any ever before offered to business men in this form. It is not intended as a substitute for the detailed reports upon our Records; no work of this kind can possibly supply their place: but as an auxiliary facility to be used for ready reference where comparatively light risk is involved; and for other convenient and useful purposes it has its peculiar sphere of usefulness. No names have been admitted of which we have not received detailed reports, very closely up to the time of publication. All those out of business have been excluded, and others, useless for general business purposes, have been rejected. We have thus been able to keep the book within reasonable and convenient dimensions, while embracing in it *every name at all likely to be wanted in ordinary business transactions.*

The "Key" upon which the ratings are made is entirely our own, and has valuable original features, which we commend to particular observation. It not only shows *what* the mercantile credit of the trader is, but also *why* it is. In other words, it shows how far the conclusions as to mercantile credit are based upon the possession of capital, as well as how far personal and business qualities have been considered in the absence of capital. It must be obvious that this peculiar adaptation of the key affords an excellent opportunity for nice discrimination. It is only through the copious details furnished by our Records that such an idea can be acted upon.

TERMS OF SUBSCRIPTION.

IN CONSIDERATION of the agreement hereby entered into by R. G. Dun & Co., to furnish, to the best of their ability, information of the Mercantile Standing and Credit (in the communities wherein they respectively reside) of our customers among the Manufacturers, Merchants, Traders, &c., throughout the United States and British Provinces of North America, concerning whom we have occasion to make inquiry, in order to aid us in determining the propriety of giving credit, we, the undersigned, do hereby constitute and appoint said R. G. Dun & Co. our Agents, to procure and furnish to us the information aforesaid, in accordance with the following rules and stipulations, and with which we agree to comply faithfully, to wit:

1. All information furnished us by said R. G. Dun & Co. shall be STRICTLY CONFIDENTIAL, and all extended reports are to be read at their office to us or to such confidential clerk as may be authorized by us to receive the same, subject to their regulations. And said R. G. Dun & Co. shall prepare for our use, and place in our keeping, a printed copy of a Reference Book prepared by them, containing ratings or markings of the credit of business men. And all our inquiries at their office, as also all use we may make of said Reference Book, shall be exclusively confined to the legitimate business of our establishment.

2. The information, reports, or ratings and markings which we or our agents or clerks may so obtain from R. G. Dun & Co. shall never, in any way, by exhibit, copy, or otherwise, be communicated to the persons reported, nor to any other person or persons whatever other than the members of our firm.

3. The said R. G. Dun & Co. shall provide themselves with the names of Lawyers throughout the United States and British Provinces of North America, carefully selected as to capability and reliability, of which we may avail ourselves from time to time, as occasion for their professional service in our business may arise; or said R. G. Dun & Co. shall, if we prefer it, take charge of our Collections themselves, on terms customary in that department of their business to regular subscribers.

4. We will pay, in advance, dollars for one year's services of said R. G. Dun & Co., together with the use of said Reference Book, pursuant to the foregoing conditions, and at the end of one year from the date hereof we will return the said Reference Book to said R. G. Dun & Co.

? Inquire at our Office.*

* This embraces not only those of questionable credit, but also those whose business and investments render it difficult to rate them satisfactorily to ourselves. We therefore prefer, in justice to these, to give our detailed report.

A dash thus —— prefixed to a name, indicates that a change in style or ratings has occurred since the book was printed, the nature of which can be learned by inquiry at our office. We recommend holders of the Book, for their own security, to mark similarly all names regarding which they may subsequently receive intimation of change through our regular printed notifications.

☞ The ratings in the two columns of the Key have no absolute connection—those in the Credit Column being higher or lower (as compared with pecuniary resources), according to the personal and business qualities represented, and the nature, hazard, and extent of business, &c.

Where no marking is given indicative of pecuniary strength, the capital is estimated less than $5,000.
